LCYC protects the interests and safety of youth in Washington by advancing their legal rights. We accomplish our mission through direct legal representation, strong community partnerships, and systemic advocacy. We have four program areas: child welfare, juvenile court, youth and family immigration, and youth homelessness.

LCYC provides community-based, holistic legal advocacy to expand access to justice for young people in Washington. LCYC was created and continues to evolve in response to the community's needs. We meet youth where they are—geographically, developmentally, emotionally, culturally, and linguistically. We collaborate with the youth, family members, educators, service providers, and other community partners to ensure that the legal and non-legal needs of the youth are met.

LCYC empowers youth by helping them understand and engage in complex legal systems that impact their lives and their families. We help youth understand and assess legal issues, options, potential consequences, and opportunities, before the youth determines the path forward.

LCYC is a team of supportive, creative, risk-taking, and flexible attorneys seeking to disrupt the status quo. We are committed to continual learning. An essential part of that learning must be centered on anti-racism within ourselves, our organization, and the systems we encounter as advocates for young people.
